Beath in the Chair. THE RESULT OF A DOSE OF CHLOROFORM. On Tuesday evening last Mrs. William Neely, a resident of Montgomery county, Pa., came to this city, in company with her husband, for the purpose of having some teeth extracted. On Wednesday morning she went to the office of Dr. Winslow and stated to him that she desired to have several teeth taken out, and wished to take chloroform, but being in delicate health she was uncertain as to the advisability of doing so. The Doctor told her there was not any danger, and he administered the opiate, first for one minute and then for a minute and a half, taking the usual precautions for the safety of his patient. After he had administered the last dose he found she did not return to consciousness, and dispatched a messenger for Dr. E. B. Jackson, a few doors above, who

pronounced the lady dead.

Later in the day Dr. Chapman, the coroner's physician, made a post-mortem examination, and pronounced death the result of fatty degeneration of the heart.

The coroner's physician does not attach

any blame to Dr. Winslow, saying that excitement of any kind might have caused her death.-Philadelphia Telegraph, 22d. CAPTAIN BOYTON SWIMS THE STRAITS OF

GIBRALTAR AND LANDS AT TANGIER, Mo-ROCCO.—London, March 21.—The Herald's correspondent at Gibraltar telegraphs that Captain Paul Boyton successfully landed on the shore of Tangier Bay at 1 o'clock last night, after a terrible passage of seventeen hours. The strength of the spring tides was so great that at one time it seemed certain that he would be carried to sea. The waves were exceedingly high and the darkness was intense. It was a very severe trial of both courage and endurance. Captain Boyton returned to Gibraltar to-day .-By cable to the Herald.

Messrs. Ewing and Chittenden, of the House of Representatives, on Tuesday witnessed the weighing of tifteen million dollars in gold in the vaults of the New York Sub-Treasury, as part of the stock of bullion stored there, amounting in all to one hundred millions. The only discrepancy discovered in the treasure was an excess of thirty-four cents in the fractional currency. "California is larger than Maine, New
